------------------	---

Product or component type	Voltage release
Device short name	MN
Voltage release type	Undervoltage release
Control circuit voltage	24 V DC

Complementary

Threshold tripping voltage	0.35...0.7 Un - during opening time 0.85 Un - during closing time
Supply holding power	< 5 W
Response time	< 50 ms
Auxiliary connection terminal	Screw terminal <= 1.5 mm ²

Environment
