Brush strip, super-airtight – DK 7825.375

created : 17.03.2014 on www.rittal.com/com-en

Product description

Description:

- For individual installation of enclosure panels, gland plates and panels. Cut-outs for cable routing at any position in the side panel, rear panel, doors, roof and base plate. These special brush strips may be used to create airtight entries for cable sections and conductors. The brush strips arranged in an offset configuration ensure good sealing from the routed cables even with large quantities of cables. In this way, unwanted system losses may be reduced to a minimum.

Technical specifications:

- Plastic sheathing: 14 mm
- Snap-on surface: 11.5 mm
- Cut-out width: 88 – 90 mm

Material:

- Plastic to UL 94-V0

Supply includes:

- 1 brush strip each, 1 m in length, right-hand and left-hand version

Packs of:

- 2 pc(s).

EAN:

- 4028177552784

Customs tariff number:

- 39269097

Product features

Length:

- 1 m

**For metal
thicknesses:**

- 1.5 mm - 2 mm
-

Bristle length:

- 58 mm
-
