

Rail-Mounted Terminal Blocks

279 to 285 Series and 880 Series

Assembly

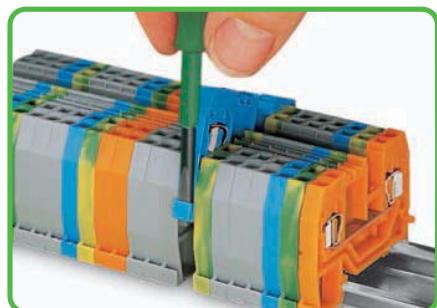

By snapping a ground conductor terminal block onto the carrier rail, a direct electrical connection is automatically made to the rail.

Assembly

Quick assembly keys prevent reverse mounting.

Removal

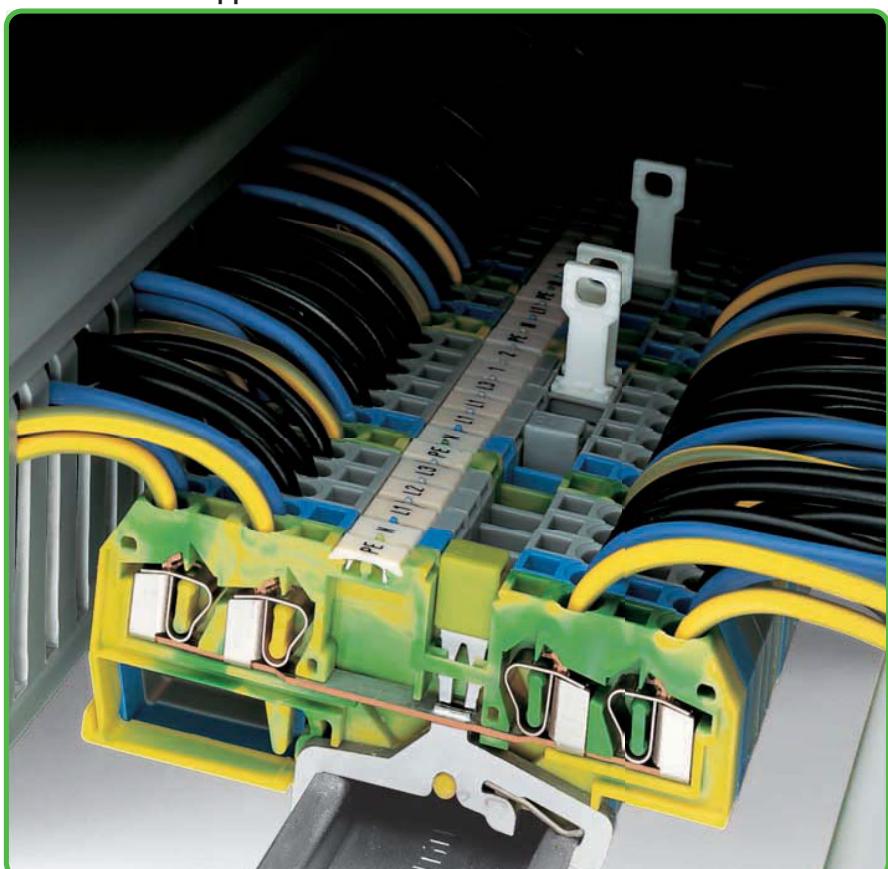

Removing a terminal block from the assembly.

Commoning

Commoning ground conductor terminal blocks with through terminal blocks is possible in one direction only (via rear side of terminal block) using adjacent jumpers. In addition to the required marking of these blocks, use yellow-green adjacent jumpers.

According to EN 60947-7-2 (VDE 0611, part 3), steel carrier rails shall not be used for PEN applications

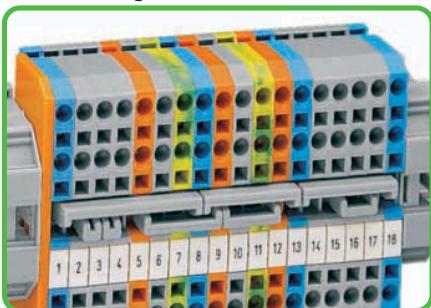

Commoning with step-down jumpers

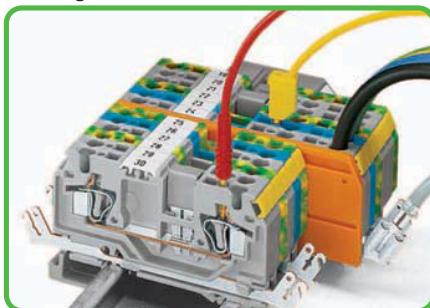

Commoning terminal blocks of different sizes – step down.
For application notes, see page 178.

Commoning

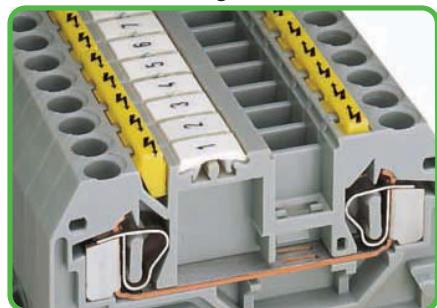

Staggered jumpers for sophisticated circuit requirements. Push jumpers down firmly until fully inserted. For additional notes, see page 201.

Testing - 880 Series

880 Series terminal blocks have an additional test slot for 2 mm Ø or 2.3 mm Ø test plugs.

Protective warning marker

Protective warning markers inserted into the operating slots.

CAGE CLAMP®
clamps the following
copper conductors:^{*}

solid

stranded

fine-stranded,
also with tinned
single strands

* For aluminum conductors, see notes in Section 14.

– Description and Handling –

CAGE CLAMP® connection

Conductor termination

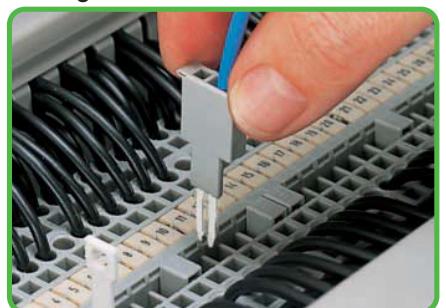

CAGE CLAMP® connection

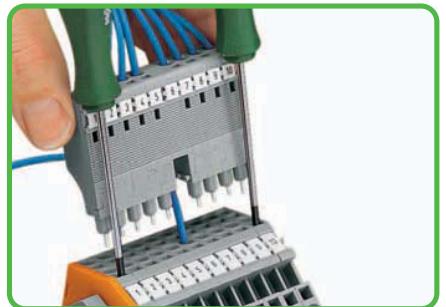

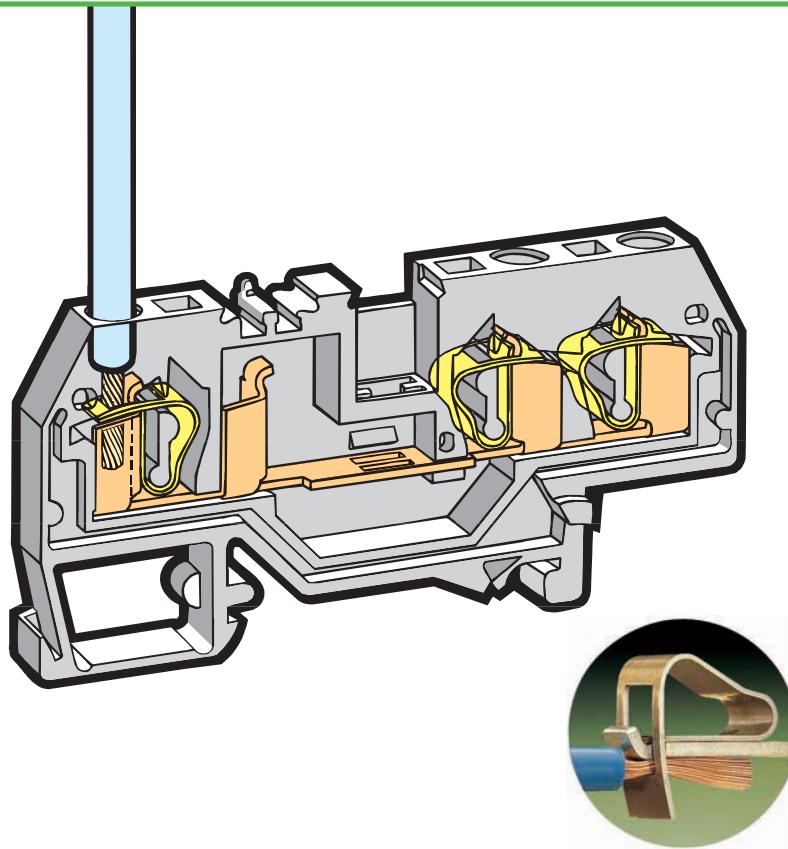

Conductor termination

① When using ferruled conductors, it is necessary to use a terminal block one size larger than the nominal cross section of the wire.

Testing

Testing with test plug.
Test plug fitted with CAGE CLAMP®.

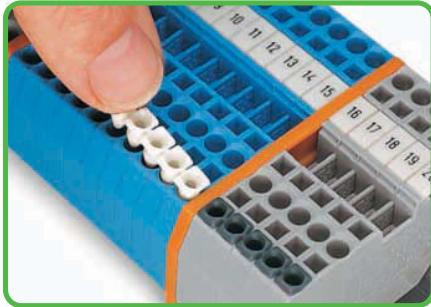

Testing

L-type test plug modules fitted with CAGE CLAMP®.
For application notes, see page 194.

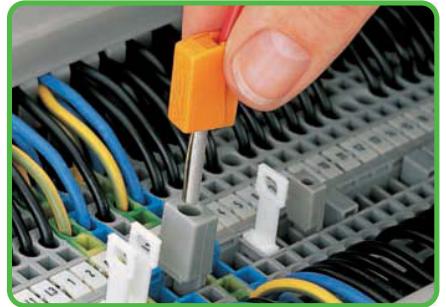

Marking

Marking with WMB Multi marking system.
For additional systems, see Section 13.

Insulation stop

Insertion of insulation stop.
For application notes, see page 199.

Testing

Testing with test plug.
Using 209-170 test plug adapter.

fine-stranded,
tip-bonded

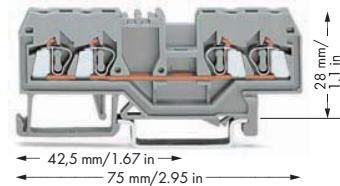

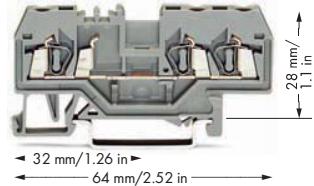

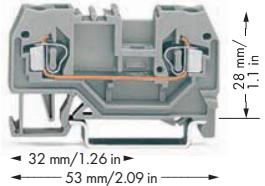

fine-stranded,
with ferrule **①**
(gastight crimped)
