

Ha-VIS 19" DIN-Rail Mounting kit

The 19" mounting kit has been designed to install DIN-Rail mounted systems in a standard 19" rack.

The mounting kit is modular and very flexible. The DIN-Rail position can be changed in a very easy way. It can be installed in a horizontal or in a vertical position.

Each mounting kit has a cable management at the backside.

Features:

- 19 inch / 3 U
- Flexible installation
- Variable mounting
- Integrated mounting rail
- Robust design
