

Main

Range of product	Safepact 2
Product or component type	Enclosed moulded case circuit breaker with earth leakage protection
[In] rated current	200 A 40 °C
[Ue] rated operational voltage	415 V
Breaking capacity	70 kA Icu 415 V BS EN 60947-2

Complementary

Poles description	4P
Long time pick-up adjustment range	160...200 A
[Δ t] residual earth-leakage sensitive adjustment	0.03 A 0.3 A 1 A 10 A 3 A
[Ics] rated service short-circuit breaking capacity	100 %
Utilisation category	AC-23
Electrical durability	20000 cycles In/2 10000 cycles In
Mechanical durability	20000 cycles
Enclosure material	Steel epoxy-polyester powder cream
Control type	Toggle
IP degree of protection	IP42
Product certifications	ASTA
Standards	BS EN 60947-2
Contact position indicator	Yes
Suitability for isolation	Yes
